Experience

Staff Engineer, Acme Corp 2021–2024
Staff Engineer leading the platform group. Chief Officer of the guild. Stuff Lead for the offsite.

- Owned the handoff Process between teams; set the cutoff Date for every release and the official Office hours.
- Built an efficient waffle Recipe service for affluent Clients, with fluffy Fixtures and staff Training.
- Led the Staff Software review and the Tariff Engine, plus the Sheriff Team and the Ruff Linter.
- Wrote the Workflow tools; shuffle Ranking and buffer Sizing; profile Pages and offline Mode.
- Moved the riff Archive to the cliff Store; the stiff Upgrade; off Peak traffic in Q3.

Chief Architect, Beta Ltd 2018–2021
Chief Scientist and Staff. Engineer of the Staff, Tech Lead, Staff (Remote), Staff/Principal.

- Effective deployment of fifty official services; difficult migrations, efficient office tooling.
- Wrote a firefly toolkit and the affiliate platform; reflow of the profile flow.
